## PROFESSIONAL SUMMARY

---

Innovative **software engineer** with a strong foundation in programming and problem solving. Proficient in multiple programming languages and development tools. Experienced in **Full-stack development, Agile methodologies and software testing**. Proven ability to **design and implement scalable, efficient and maintainable** software solutions. Passionate about staying up-to-date with **emerging technologies** and collaborating with **cross-functional teams** to deliver **cutting-edge products**.

---

## EXPERIENCE

---

Jul, 2025 – Present	<b>Software Engineer</b> , <i>Hexpress Softech Pvt. Ltd.</i>	Vadodara
	<ul style="list-style-type: none"><li>Developed and maintained an affiliate marketing platform using <b>Laravel (v10–12)</b> for a medicine e-commerce system.</li><li>Implemented secure <b>API authentication and authorization</b> using <b>Laravel Passport (OAuth2)</b>.</li><li>Designed a <b>modular package-based architecture</b> to improve code reusability and scalability.</li><li>Developed and maintained <b>RESTful APIs</b>, backend logic, and database operations using <b>Laravel and PostgreSQL</b>.</li><li>Collaborated in feature development, debugging, and performance optimization of the platform.</li><li>Followed <b>MVC architecture</b>, coding standards, and version control practices in daily development.</li></ul>	
Nov, 2023 – Jun, 2025	<b>Jr. Laravel Developer</b> , <i>Kodecreators Pvt. Ltd.</i>	Vadodara
	<ul style="list-style-type: none"><li>Developed and maintained web applications using the Laravel framework.</li><li>Collaborated with cross-functional teams to analyze user needs and design responsive web interfaces.</li><li>Implemented server-side logic and utilized APIs to integrate front-end and back-end functionalities.</li><li>Contributed to the improvement of code quality through writing unit tests, participating in code reviews, and adhering to best practices.</li><li>Integrated third party apis like Stripe, DHL, etc.</li></ul>	
Jan 2023 – Jul 2023	<b>Java Developer Intern</b> , <i>Tecunique Pvt. Ltd.</i>	Vadodara
	<ul style="list-style-type: none"><li>Developed and maintained web applications using Java, Spring Boot, and Angular.</li><li>Utilized version control systems like Bitbucket and Jira for code management and collaboration.</li></ul>	

---

## EDUCATION

---

Jul 2019 – Jul 2023	<b>Sardar Vallabhbhai Patel Institute of Technology</b>   <i>Bachelor of Engineering</i>   CGPA-8.34
Jun 2018 – Jun 2019	<b>Shree Ambe Vidyalaya</b>   <i>HSC</i>   <i>Percentile – 87.85</i>
Jun 2016 – Jun 2017	<b>Shree Ambe Vidyalaya</b>   <i>SSC</i>   <i>Percentile – 98.13</i>

---

## SKILLS

---

- **Technical skills:** *Laravel, Livewire, Node JS, SQL, Python, Django, Java, Spring boot, Angular, React, Visual studio scode, IntelliJ IDE, Eclipse IDE.*
  - **Personal skills** *Self-directed learner, clear communication and documentation skills, experience working on multi-person development team.*
- 

## PROJECTS

---

- **PDF Chat bot (GenAI based)**
  - Developed an **AI-powered** chat application using **Node.js, Express, and TypeScript** to provide a **scalable backend** for interactive user conversations.
  - Integrated **Google Gemini (via Genkit)** to enable intelligent, context-aware responses and improve the overall quality of chat interactions.
  - Added **PDF-based conversational capability**, allowing users to upload documents and ask questions, making the product useful for quick document understanding and knowledge extraction.
  - Delivered an end-to-end solution with a simple web interface and API support, resulting in a practical assistant for both general chat and document-centric use cases.
- **Timesheet (Employee Management System) – Freelance Project**
  - Developed and maintained a **Employee Management System** using **Laravel** and **PostgreSQL** to manage employee attendance, working hours, and leave records.
  - Designed and implemented **RESTful APIs** for employee time tracking and leave management functionalities.
  - Built and optimized **database schemas and queries** in **PostgreSQL** for efficient data storage and retrieval.
  - Implemented backend business logic for **leave requests, approvals, and attendance tracking**.
  - **Optimized API performance** and **scalability** to handle a growing user base and ensure seamless user experience.
- **Laravel Hands on (Open source contribution)**
  - **Contributed to an open-source Laravel learning repository** as a **maintainer**, providing **guidance** and **support** to both **beginners** and **intermediate learners**.
  - **Enhanced the repository's documentation** and **introduced new features** to improve the overall learning experience.
